

# How To Choose Your Drug Store

Select your drug store with the care that you select your doctor.

Choose that drug store that puts every transaction between itself and its customers on a service basis.

Trade at the drug store that pays more attention to making a customer than to making a sale.

Trade at the drug store where you can be sure that you are getting the most and the best for your money.

Trade at the drug store where you can "feel at home." Where you can feel at liberty to make use of all the resources a real drug store peculiarly has for your help, convenience and accommodations.

It is this kind of a drug store that we take pride in running. You know a drug store is different from a grocery store, a hardware store or any other kind of a store.

The relations between a druggist and his customers are akin to those between a doctor and his patients.

The moment a druggist forgets this fact he ceases to be a real druggist.

We want you to make use of all the advantages our Service will put at your disposal.

We are always ready to refund your money without question or quibble on any purchase you may make here that is not perfectly satisfactory to you in every respect.
